# The Koh Kood map

Boats to/from Koh Chang run only from Oct-May. They drop off and pick up from all of the West Coast Resorts

Ferries to and from the Mainland depart from Ao Salat Pier. They also arrange connections to your resort from here

This busy fishing village is an important port for the mainland and also has some good seafood restaurants

Check out these huge and ancient rain forest trees

Small but very picturesque waterfall with a large jungle pool ideal for a cooling swim

There's good snorkelling off most of the beaches on Koh Kood and some nice corals on the north side of this perfect horseshoe bay

There is a busy fishing village in this working fishing village

Koh Kood's best diving is on reefs off the West Coast. Depths are fairly shallow so you can dive for a loosing time and there's plenty to see!

**Look Away!**

...unless you need to write something in English that people might actually want to read.

If you need that then call 081-919-8219 or email [huddy01@gmail.com](mailto:huddy01@gmail.com)
